

Master Tradesman Plus

Policy Summary

The Master Tradesman Plus product is designed to meet the demands and needs of self-employed persons and small businesses (including limited companies) undertaking a variety of manual, clerical and professional trades who wish to protect their business.

As standard, the policy will provide cover for:

- **Public and Products Liability**

The following optional additional covers are also available:

- **Employers' Liability**
- **Contract Works**
- **Own Plant**
- **Hired in Plant**
- **Tools**
- **Goods in Transit**

This Policy Summary does not describe all the terms and conditions of your policy, so please take time to read the policy document to make sure you understand the cover it provides.

Your cover is valid for 12 months and is renewable annually.

All information in this document is correct at the time of printing (May 2018), for full up to date information please visit our website

Description	See Policy Document
<p>Applies to all sections</p> <p>Excluded work:</p> <p>Unless specifically endorsed all policies exclude:</p> <ul style="list-style-type: none"> • Unless incidental to a building contract <ul style="list-style-type: none"> (a) the demolition or partial demolition of any structure (b) the surfacing or construction of roads (c) the laying of underground services • Excavations below 3 metres • Felling/Lopping of trees higher than 5 metres • Pile driving, quarrying the use or storage or possession of explosives, water diversion or work under water, fuel, gas, mineral exploration or extraction • The use of tower cranes or cradles • Work in or on blast furnaces, chimney or well shafts, viaducts, bridges, mines, refineries, offshore installations, power stations, dams, tunnels, airports, aerodromes, docks, wharves, piers, harbours, railways, motorways, ships, aircraft, towers or steeples • Work in or on any building used for the manufacture, processing or bulk storage of any gas, chemical, explosive, oil or petroleum based product • Work on computer mainframe installations and their cabling 	<p>Endorsement 1, Page 20</p>

Important note:

In addition there are specific exclusions and limitations that will apply to certain trades and you should discuss your specific requirements with your broker to ensure the cover provided is suitable for your needs.

For example:

For Roofers

Cover will be restricted only for work on buildings (including basement and attic) occupied solely as private dwellings, shops,

offices, hotels, public houses and restaurants, guest houses, schools, colleges, residential, retirement or nursing homes.

In addition the use of heat and fixed wood working machinery is excluded.
A £250 excess will apply.

Clerical and Professional Trades such as Architects and Accountants

Cover will exclude Professional Indemnity and manual work away.
A £100 excess will apply.

Important notes

Application of heat and fire precautions

Please see below a copy of the policy wording relating to the precautions required when carrying out work involving the use of heat.

This condition does not override any endorsement on the policy excluding the use or application of heat or use of any equipment or materials otherwise covered by this condition.

It is a condition precedent to Our liability that the following precautions will be complied with by You and/or any Employee and/or any of Your Sub Contractors whenever work is undertaken away from Your own premises involving the use of electric oxy-acetylene or other welding or flame cutting equipment blow lamps blow torches hot air guns tar bitumen or asphalt heaters or any other work involving the use or application of heat or the use of angle grinders

- (a)** a thorough examination of the immediate vicinity of the work including the area on the other side of any wall door partition roof or other horizontal structure shall be made to ensure that no combustible materials (including materials to be worked upon or which have been worked upon and to the greatest extent practical any materials in the course of being worked upon) are in danger of ignition by direct or conducted heat
- (b)** any combustible material (including materials to be worked upon or which have been worked upon and to the greatest extent practical any materials in the course of being worked upon) shall be removed to a distance of not less than 10 metres from the point of work and any combustible materials (including materials to be worked upon or which have been worked upon and to the greatest extent practical any materials in the course of being worked upon) which cannot be moved to be covered and fully protected by overlapping sheets of non-combustible material or equivalent protection
- (c)** there is to be kept available for immediate use at the site of the work either one portable multi purpose dry powder or Carbon Dioxide fire extinguisher with a minimum capacity of 4.00 Kilograms or a water fire extinguisher of not less than 8 litres capacity made to current European Standards and serviced in accordance with current European Standards
- (d)** the ignition and operation of all equipment shall be strictly in accordance with the manufacturer's instructions
- (e)** no lighted or switched on equipment is to be left unattended and hot tools and hot tips not in use are to be placed in incombustible containers

Important notes

continued

- (f) any gas cylinders for the equipment used are to be removed from the point of application of heat as far as practicable during use and outside the premises or at least 15 metres from the point of application of heat when not in use
- (g) for one hour after completion of each period of work involving the application of heat and after the completion of work involving the application of heat in any area in such circumstances that the area previously worked upon ceases to be sufficiently visible to ensure that any outbreak of fire or signs of the possible outbreak of fire will be noticed in any area or areas in which work has been carried out shall not be left unattended and a thorough inspection of the area surrounding the work including that described in paragraph (a) above shall be made at frequent intervals up to the end of the period of one hour to ensure that nothing is smouldering and there is no risk of fire including the area on the other side of any wall door partition roof or other horizontal structure

In addition it is a condition precedent to Our liability that whenever tar bitumen asphalt or pitch heaters are in use away from Your premises tar bitumen asphalt or pitch should be carried in a suitable vessel and the vessel is to be located at ground level and in the open air

Customer Information

Commercial Care Line 0330 024 2266

How to contact us to make a claim

Should you be unfortunate enough to have to make a claim, [Covéa Insurance Commercial Care Line](#) will manage all aspects of the claim for you from the time it is reported.

Covéa Insurance Commercial Care Line

- Dedicated telephone number – [0330 024 2266](#)
- Dedicated fax number – [0330 024 2624](#)
- By e-mail – newcommercialclaims@coveainsurance.co.uk
- In writing to – [Covéa Insurance Commercial Care Line, Norman Place, Reading RG1 8DA](#)

[Covéa Insurance Commercial Care Line](#) is a service available to customers 24 hours a day, 365 days a year. Staff trained in managing commercial claims will:

- Take the details of your claim over the phone, in most cases removing the need for completion of an incident report form.
- Take control of the management of claims from start to finish and arrange replacement of goods lost or stolen using the latest product information.

Our aim is to bring your claim to a speedy and satisfactory conclusion.

How to cancel your policy

If you do not want to accept the Policy you have the right to cancel it within 14 days from the date of purchase of your Policy or the day you receive your Policy documentation, whichever is later. To do this you must return the Policy documentation to your broker when giving your instruction to cancel.

If cover has not yet started a full refund will be given. If cover has started we will refund the premium for the exact number of days left on the Policy subject to a minimum premium of £25 plus the prevailing rate of Insurance Premium Tax as stated on your Policy schedule, to cover administration costs. No refund will be given if a claim has been submitted or there have been any incidents likely to give rise to a claim during the current period of insurance. We will also do this if you want to cancel the Policy within 14 days after the renewal date.

You may cancel the Policy at any other time by contacting your broker.

If you cancel your Policy after 14 days and a claim has been submitted or there have been any incidents likely to give rise to a claim during the current period of insurance, we will not refund any part of the premium. If you have a Loan Agreement with Covéa Insurance, all outstanding monies must be paid to us as described in your Loan Agreement.

If no claims have been submitted and there have been no incidents that are likely to give

Customer Information

continued

rise to a claim during the current period of insurance, we will refund the premium for the exact number of days left on the Policy less an additional charge of £25 plus the prevailing rate of Insurance Premium Tax as stated on your Policy schedule.

Complaints Procedure

It is always our intention to provide a first class standard of service. However we do appreciate that occasionally things go wrong. In some cases the broker who arranged your insurance will be able to resolve any concerns, particularly if your complaint relates to the way the policy was sold, and you should contact them directly.

Alternatively, please contact us using the following details, quoting your policy or claim number.
